

PROFESSIONAL SUMMARY

B.Tech IT student with strong skills in Java, Data Structures & Algorithms, and core Computer Science concepts. Gained industry exposure through an internship at DMRC and currently building expertise in Spring Boot, MySQL, and backend development. Passionate about problem-solving and developing scalable software solutions.

KEY EXPERTISE

Java, DSA, OOP, MySQL, Spring Boot, HTML, CSS, JavaScript, Git, GitHub, IntelliJ, Problem Solving

EDUCATION

Bhagwan Parshuram Institute of Technology

2023 - 2027

B.Tech. - Information Technology | Percentage: **93.16 / 100**

BAL BHARTI PUBLIC SCHOOL BRIJ VIHAR, Ghaziabad

2023

12th | CBSE | Percentage: **95.40 / 100**

BAL BHARTI PUBLIC SCHOOL BRIJ VIHAR, Ghaziabad

2021

10th | CBSE | Percentage: **96.20 / 100**

INTERNSHIPS

Delhi Metro Rail Corporation (DMRC) | IT / Computers - Software

16 Jun, 2025 - 25 Jul, 2025

- Worked on the Vendor Empanelment Portal (VEP), a web-based system for vendor registration and approval workflows
- Developed frontend components and assisted in backend logic and database design for vendor management
- Improved form validation, role-based access control, and workflow automation through team collaboration
- Gained hands-on experience with enterprise software systems, databases, and real-world application development
- Followed SDLC practices including requirement analysis, development, testing, and documentation

PROJECTS

Smart Vendor Management Platform

Key Skills:

Java, Spring Boot, Spring Security, JWT, MySQL, REST APIs, Hibernate, Backend Development, Database Design, React

Project Link: <https://github.com/Yath12-oops/smart-vendor-management-platform>

Developed a Smart Vendor Management Platform using Spring Boot, Spring Security, JWT, MySQL, and React.js. Implemented secure authentication and role-based access for Admin and Vendor users. Built vendor onboarding, approval workflows, document management, and REST APIs. Developed frontend components including Login, Registration, Admin Dashboard, and Vendor Dashboard following clean architecture principles.

Food Delivery API

Key Skills: Java, Spring Boot, Hibernate, MySQL, REST APIs, Database Management, Object-Oriented Programming

Project Link: <https://github.com/Yath12-oops/zomato-api>

Developed a backend application using Spring Boot, Hibernate, and MySQL for managing customers, restaurants, menus, food orders, and delivery partners. Designed RESTful APIs for restaurant registration, menu management, order placement, and delivery partner onboarding. Implemented CRUD operations, exception handling, and optimized relational database design following layered architecture principles.

SEMINARS / TRAININGS / WORKSHOPS

Java Full Stack Development Institute Name: AccioJob

16 Aug, 2025 - 16 Aug, 2026

Key Skills: Java, Spring Boot, Hibernate, JPA, REST APIs, SQL, DSA, OOP, DBMS, Git, HTML, CSS, JavaScript

Completed a Java Full Stack Development Program with hands-on training in Java, Spring Boot, REST APIs, SQL, DSA, OOP, DBMS, HTML, CSS, JavaScript, and Git through practical projects and assignments.
